EXPERIENCE
THESE ARE STUDENT JOBS

Programmer - **Project Manager** *SALTo (HELMo, Liège)*   Sept 2020 - Present

SALTo is a not-for-profit organisation at HELMo that allows the students to work together on concrete projects and with real clients while we're still in our education career.

Employee   Feb 2020 - now
Proxy Delhaize, Petit-Rechain
- Restocking
- Cashier

Employee   July 2018 - Feb 2020
Carrefour Market, Rocourt
- Restocking
- Cashier

PROJECTS

HELMo App, *mobile application*

I worked on this application with two other students in SALTo. This is the app used by students of HELMo to have a quick and easy access to their schedule, courses, mails, etc. It is available on App Store and Play Store.

What I've learned in this project:
Language: TypeScript
Framework: React-Native (Expo)
Skills learned: Managing project, deadlines, agile development
